## Wall Flower

### MATERIALS:

**NOTE:** *The fabric yardage listed is the minimum required. Very little is allowed for mistakes. You may wish to purchase extra fabric.*

**\*Please pre-wash and heavily starch your fabrics before cutting. Doing this small step will improve accuracy in all aspects of making this project.**

- \*Four fat quarters in gradated shades from light to dark Color set #1 fabric
- \*Four fat quarters in gradated shades from light to dark Color set #2 fabric
- Rayon or polyester embroidery thread in color(s) to match or coordinate with fabrics, for finishing appliqué edges
- 1 yard freezer paper
- 1 yard fusible webbing, for appliqué (Steam-a-Seam lite is my preference)
- 1 yard light-weight tear-away stabilizer
- Neutral colored sewing thread
- Black ultra-fine line Sharpie™ permanent marker

**NOTE: DO NOT CUT STRIPS FROM BOTH COLORS. RESERVE ONE COLOR SET FOR APPLIQUE SQUARES AND BORDERS.**

**Before class, choose ONE of the fabric sets for the Star points and cut the following:**

- Cut 2: 1 1/2" x 22" strips, lightest shade
- Cut 4: 1 1/2" x 22" strips, second shade
- Cut 4: 1 1/2" x 22" strips, third shade
- Cut 2: 1 1/2" x 22" strips, darkest shade

### EQUIPMENT:

- Sewing machine, clean and in good working order
- Fine machine needles (Size 12)
- Machine embroidery needles (Size required for your selected embroidery thread)
- Several bobbins filled with neutral color sewing thread
- Rotary cutter, 6 x 12 ruler, and cutting mat
- Scissors for cutting freezer paper

- Scissors for fabric
- Fine glasshead pins
- Iron and ironing board or ironing pad (can be shared with a friend or supplied by show venue)

**Optional but useful supplies:**

- Elsie's Star Flower ruler
- Mechanical pencil
- Seam ripper
- Flannel-backed tablecloth for design wall
- Clover ball point awl
- Teflon pressing sheet for use with fusibles
- Hot iron cleaner (for mishaps with fusibles)

**NOTE TO QUILT SHOP:**

If you wish to KIT this workshop, I suggest that you include the fabrics, stabilizer, and fusible web in each kit. Since there is some pre-cutting required, you may need to sell the kits before class, or include pre-cut strips in the kits.

I will bring Star rulers with me, and will invoice you at wholesale price for any that are sold. The rulers retail for \$20 each.
